REMARKS

Attached is the complete package on the turn-in of the Burroughs B6930 mini computers for your file. The Form 120 and listing of potential customers were the only documents forwarded to GSA. All other documentation was for "internal use only". When GSA decides who gets the respective system, they will forward a "delivery order" from the customer to the Agency. We can then forward the order along with a letter authorizing release to the customer. This will require some additional coordinations on our part.

DO NOT use this form as a RECORD of approvals, concurrences, disposals, clearances, and similar actions
